

# TAKE COMMAND OF YOUR CAREER

Gain hands-on experience in a hands-on home services organization through Apex's Military Technician Transition Program.

You can utilize your skills in a role that is fulfilling and rewarding. At Apex Service Partners, we do what we need to with a "work hard, have fun" mentality. At Apex, you will carry out important services in our communities. The work we do is purposeful. The skilled trades have been overlooked, even looked down upon — but they represent some of the most secure, lucrative, middle-class jobs in America.

Following the 12-week initial program, you will be placed full time in a local Apex business that best serves the needs of you and your family. You'll be supported with ongoing training, development and formal mentoring. Plus, you'll always be making progress in your career with exceptional promotional opportunities and ability to earn six-figures!

“When you think about our company's strategy, it's more about investing in people than in a product or software, because people are our product and customer. In other words, changing lives is good for business.”

— AJ Brown, CEO, Apex Service Partners

Apex Service Partners was founded with the mission to partner with like-minded, world-class residential home services brands to build a leading national platform in the HVAC, plumbing and electrical services industry.

We leverage the power of people to do this, and we're looking for highly skilled, adaptable individuals like you. You can have a long-term and fulfilling career helping to keep our communities running!

## Apex Defining Principles

- **Promise**  
We do what we say we will do.
- **Honesty**  
We will act with fairness and honesty.
- **Long-Term Values**  
We will focus on building long term value, even at the expense of short-term profit.
- **Growth Mindset**  
We will approach every problem with a growth mindset.
- **Capital**  
We will provide access to needed capital (in good times or bad).
