THE ELITE MEET VALUE

We facilitate events and provide channels for communication and interaction between our members and corporate partners. It is our belief that each connection is meaningful and is a necessity as our members transition.

Veterans from the various Special Operations communities are some of the most highly skilled, sought after candidates for hiring companies. Our corporate partners recognize the unparalleled experience and unique value our members bring to their team. We provide exclusive access to this talent pool.

Elite Meet, known for our signature conferences, regional events, and digital networking platform, is the most impactful nonprofit organization for orchestrating connections between elite Veterans and businesses.

OUR PARTNERS

Our corporate partners want problem solvers and team leaders.

They want action-oriented individuals that encourage collaboration in any dynamic. They want leaders that inspire. Our partners understand the virtues of our Veterans and the value they bring to a team.

OUR VETERANS

Our Veterans are born leaders, foster a growth mindset, and believe that success is achieved as a team.

Our members are some of America's elite military professionals, many with 10+ years of leadership experience. They are accustomed to adversity, adapt easily and are solution-oriented.
