

Healthcare expands beyond the patient's bedside.

HCA Healthcare is a healthcare system comprised of more than 182 hospitals and 2,300+ sites of care across 20 states and the United Kingdom. Driven by our mission, over 300k colleagues band together every day to improve more lives in more ways, supporting and caring for more than 37M patient encounters in 2022.

Finding Purpose

Above all else, we are committed to the care and improvement of human life. Our mission is integrated in everything we do at HCA Healthcare and offers Rangers and their families the opportunity to find purpose in clinical and non-clinical roles, from the patient's bedside in roles like nursing and ultrasound technician – to beyond the bedside in supply chain, project management, HR and information technology. HCA Healthcare is a proud partner of Hiring Our Heroes and 50-Strong which allows the organization to support transitioning Rangers with Skillbridge, Fellowship and Career Skills Program opportunities.

Finding Community

Rangers can find connection and community with more than 12,000 veterans at HCA Healthcare, colleagues who have exemplified and continue to demonstrate *Never shall I fail my comrades*. Our veterans and their families will always have your six – and we'll introduce you to your new community through our military employee resource group.

Your new Ranger objective awaits you.
